

What specific area of your life or in your family have you seen God working in the past year of **surprises**?

What's something that God directed you to do - a **decision** you needed to make, that you waited on before responding? Did the delay impact the outcome, how so?

What decisions have you made when under **pressure**, that you would do differently now?

Who did you **pretend** to be when you were a kid (a superhero, a sports star, someone famous, etc.)? How did you bring them into your world? Ex. team clothing, same hair style, Halloween costume, posters, etc.

Pause and think of the next week as being 'half time' between last year and the year ahead. Look back and assess past decision; there were wins, and fumbles. In the year ahead: what will you continue doing to keep moving forward in your walk with the Lord?

What small daily changes will you make to enhance your fellowship with Jesus?

How can your group (your 'team') pray for you?

Who needs your prayers that they will **experience God**? Use Hebrews 4:16 to encourage you, as you intercede for them!

Let us then approach God's throne of grace with confidence, so that we may receive mercy and find grace to help us in our time of need. Hebrews 4:16
